Library and Information Studies

An outstanding online collection of library and information studies journals

As the library and information services community seeks to cope with new patterns of information provision, new technology and changing financial circumstances, it is critical to gain new thinking across the profession.

The Emerald Library and Information Studies Collection 2009 includes full online subscriptions to 17 peer reviewed journals covering a range of topics around library and information studies and science, including:

Bottom Line, The; Electronic Library, The; Journal of Documentation; Library Review; OCLC Systems & Services; New Library World.
