

The image shows a compilation of several pages within IOPscience.

IOPscience Discover more

The new service for IOP-hosted journal content allows you to discover so much more ...

more than 50 prestigious journal titles
more articles, from 1874 to the current year
more linked references and citations
more granularity in searching across subjects and titles
more innovations including social bookmarking, tag clouds, RSS feeds, filtering, personalization

... so much more, you'll need a bigger screen!

► Take an online tour at iopscience.org

How can I try it?

To recommend your institution for a free IOPscience trial, e-mail us at recommend@iopscience.org and provide your affiliation details. We will get in touch with your librarian on your behalf.
