If you have to modify something on the doctoral dissertation after the final presentation, use iThenticate again and also resubmit non-plagiarized report too. (The submission of the report is unnecessary if the modification is minor. The judgement of resubmission is made by the chief of the Master's Thesis Review Committee.)

If any wrongdoing is uncovered, such as incorrect information having been submitted in the application, or the use of plagiarized data in a thesis, the process of review will be immediately halted.
